My name is Daniel Madarasi.

I am 26 years old.

I have been working at Jabil in Tiszaújváros since 2015.

I first started as a machine operator, which was later replaced by a team leader.

Continuously improving my knowledge, I became a Senior Team Leader.

It was during this time that he started working on web development.

After that, I applied for Frontend developer training, where I gained a lot of knowledge.

In my free time I constantly improve my knowledge.

I passed all of my listed Frontend Developer skills with a successful exam.

I want to work in a Frontend Developer job and continuously build my knowledge to build a career.
